Our Story from the Directors of Mid Suffolk Healing Rooms, John and Sarah Lander

Hello, we are John and Sarah Lander and live in Stowmarket, Suffolk.

We are the Directors of Mid Suffolk Healing Rooms. Mid Suffolk was born quite quickly after a meeting with Ray and Ruth Scorey early 2019. There were a number of us together who quickly became a team. Although I had read books on John G Lake, we didn't have any knowledge that Healing Rooms was out there.

We felt that we were really "ready to go" as Ray had prophetically spoken a number of times into the group. We discovered that Sarah like her biblical counterpart would indeed birth it. It was a truly dynamic time and great excitement as we saw people coming through our 2 venues over the weeks and saw God truly move.

We went to the yearly HR conference in April 2019 and found ourselves equipped supernaturally and found such a great amazing alignment with fellow HR members. It was an amazing experience for us both.

By March 2020 we moved onto Zoom and adapted to still praying for people but on screen and over the phone. It was hard, but God broke through in new ways and we had to follow.

We have seen up to 8 members of our team on the international monthly ministry teams of IAHM where we have all been used, grown and sometimes stretched out of our comfort zones!

God had other plans!

Just when we thought we would be satisfied with all this happening, God had other plans! By going to a training on intercession (Praying with God by John and Heather Alcock), we truly discovered another breakthrough. This one would really become a huge key. A key so dynamic, it would unlock things locked for decades.

We find ourselves praying with others daily in the Spirit and now host the newly formed South East Intercessors Healing Rooms called SEIHR. We meet monthly under the loving care of Ruth Scorey as Regional Director of SE.

God however says there is more! and after talking with Ray and Ruth and with the blessing of David and Veronica, we are stepping forward to come alongside them to care and cover the South East Region. As Ray and Ruth head up Scotland, we are now Assistant Regional Directors moving to Regional Directors after a hand over period of training.

Listening to Holy Spirit

We are very excited for the future of Healing Rooms. Never have I known such an anointing as there is on the ministry that has been re-dug by Cal Pierce. Just think; we minister in

three's, one leading, the others interceding and listening to Holy Spirit and being enabled to speak directly into the person's conditions.

The key to this ministry is love, love, love. We are all just chosen vessels used by Him to touch others with His unfailing healing Love. What a privilege and calling!

For Jesus's Glory alone!

WORD'S YOU SPEAK CAN MAKE YOU SICK!

There's an old expression, "You can't stop a bird flying over your head, but you can stop it building a nest in your hair." Thoughts fly at us all the time, we can't stop that but we can choose what to do with them when they do fly at us! Thoughts don't come from us they come at us. Negative words are like shrapnel, they'll cause serious head injuries, but they won't harm us if we're wearing our 'spiritual armour,' especially our helmets! Most of our troubles are 'mind troubles,' that's why God provides us with 'shrapnel proof helmets' to wear! If we keep saying we're sick, and we believe that we're sick then in time, we'll make ourselves sick! Sickening! The devil knows that we like the sound of our own voice! "The inhabitants shall not say, I am sick." Isaiah 33V24. Couldn't be clearer!

It's a choice!

The tongue is the most powerful organ in the body because there's the power of death and life in the tongue, according to Proverbs 18 V21. We confess either life or death! It's a choice! Words can be life-giving water; words of true wisdom are as refreshing as a bubbling brook. Proverbs 18V4. The devil has only one weapon in his armoury. Words! He will always speak to us in the first person, with an "I" in order to deceive us so that we'll speak ill about ourselves.

He knows what the Word of God says about faith. Faith 'comes' by hearing and by hearing the Word of God. Negative faith 'comes' the same way, by hearing and by making a negative confession. "I feel useless today, I'm going to get a headache after having my vaccination. I feel sick today, I'm not going to make it. I really feel all washed up. I can't do it. Philippians 4V7-8 says. "Finally, brothers whatever things are true, whatever things are honest, whatsoever things are just, whatsoever things are lovely, whatsoever things are of a good report; if there be any virtue, if there be any praise, think on these things." Think about it!

HREW and IAHM

HREW have engaged in a year-long Healing School for International Association of Healing Ministries (IAHM) where we provided monthly online ministry under their umbrella. The first of these nights was on the 12th September 2020, the Miracles & Healings nights are broadcast via YouTube and the individual prayer via Zoom. Full details of the night are available from the IAHM website: <https://healing-ministries.org/>. On the website you will find both the YouTube link for watching the speakers and the log-in details for those wanting prayer.

Report from 12th June 2021

The main speaker on the 12th June Claus Moeller (DK) Danish evangelist, Claus Moeller, is a dynamic revivalist who travels around the world preaching the Gospel. His heart is to see people get saved, healed, delivered, and set on fire with the love of God. After ten years of drug abuse, he had a life changing encounter with the saving, delivering power of God through Jesus Christ. He got filled with the Holy Spirit and finally got peace with God, who spoke to him and called him into the ministry. Since then, he has travelled around the world in 46 nations, preaching the Gospel with signs and wonders.

The poster is for 'Miracles & Healings Nights' by the International Association of Healing Ministries. It features a photo of Claus Moeller (DK) and provides details for an online event on June 12th 2021. The event is an English speaking prayer room that opens at 6:30pm (BST) and can be accessed via Zoom at the link https://zoom.us/j/94603712498. The poster also mentions that IAHM offers individual prayer for the sick and provides a link to healing-ministries.org/links. At the bottom, it identifies Healing Rooms England & Wales as agents for the International Association of Healing Ministries.

On this evening HREW had a team of 36 prayer ministers and this enabled us to have 9 prayer rooms. The evening was very busy, starting with a time of “soaking worship” with live music. When we finished there had been 30 persons wanting prayer and these came from as far afield as the USA, Ghana, Western Europe, South Africa, Israel and the UK. The prayer rooms were opened at 6:30pm and closed at 8:30pm. The team gave many testimonies of God’s healing and some of these are shown below. A few visitors returned to the main room where they gave thanks for the prayers received and gratitude for the prayer ministers involved.

If you were not able to see the previous Miracles & Healings Nights the evenings can still be viewed on YouTube. The link to access this is on the IAHM website under the heading **Miracles & Healings Nights, select by date.**

[Miracles & Healings Night in English](#)

Testimonies from Miracles & Healings Night 12th June

- A gentleman had difficulty joining the breakout room but when he eventually did he seemed very restless/agitated as he was constantly on the move. He had two needs which we prayed into declaring healing and a possible strategy from God for him to weigh. Suddenly, his moving about stopped, he settled in a chair, a big smile lit up his face and he confessed to 'Joy is returning to my heart'. Praise the Lord!
- A woman asked for prayer for a food addiction. She was desperate about not being able to stop, had tried so many things that didn't work. I asked her since when she struggled with this and she replied as long as she remembered. And that her mother had preceded her. A team member got a picture from God; He saw a path with a big grey wall beside it and an impossibility to come away from that path. We understood this was how she felt, her desperateness, captivity. We understood that this was a coping mechanism (numbing feelings) but also a generational curse, which we first broke down between her and her mother. God gave me a very clear word of knowledge about trauma that had occurred in her past (showed me what) and I asked Him how I could minister to her in that. He asked me to give her a testimony out of my life. I told her that, like her, I had suffered for 10 years with compulsive eating (binge eating with double my weight as now against all my willpower, very destructive and painful to suffer) as a result of severe trauma that had happened in my past. I'm completely free from it with Jesus but it didn't come overnight. It encouraged her immediately, gave her hope back! I said I loved her and that she was not at all at fault; compulsive disorders are stronger than us but Jesus is stronger than that stronghold. I invited Jesus into her pain, declared and cleared the way free to meet Jesus in her pain. Once she met Him there, the function of compulsion would no longer be necessary and let go - that's what I saw and spoke in Jesus name. We saw how deeply Jesus touched her, it moved her deep, she cried the whole prayer and said every word resonated. I was grateful we could stand beside her in this moment and she came to ask Jesus for healing.
- We prayed for a lady from Brazil but long term living in another country. Her first concern was for her adult children, all with complex life situations and not yet Christians. We set out to pray for her children but the Lord led us to pray for her in terms of surrendering her children and her concerns to Jesus and for some prayers of emotional healing and being set free for her. She was visibly moved and relieved. She then came back to us a second time having forgotten to mention her need for physical healing. Some powerful prayers were prayed for her physical healing and she was told to go away and do something which normally caused her pain. She did, and came back crying with tears of joy, and laughter because she was pain free.
- We prayed for a lady from Israel. She wanted prayer for her adult children but also she was suffering from diabetes and fibromyalgia. She said the fibromyalgia was due to the stress of family circumstances and the stress of living in a "war zone". There were a number of very difficult long term family situations. One member of the team in particular prayed for her with words of knowledge and prayers for healing. Other words were also brought. Afterwards she was different, relieved, and without pain.

- We prayed for a lady with an anger problem. We identified both rejection and isolation and after prayer and deliverance saw her transformed to actually leaping for joy at the release. We prayed for a release of proper identity on her as the King's daughter as in Psalm 45 v 13.

Presence 2021 Conference Feedback from the 12-15 May Part 2

Following Presence 2021 the Prayer Ministers for the English-speaking Prayer Room have written up their thoughts and experiences, some of these are included as follows:

Again, I want to start by witnessing to the manifest presence of God with all the team and our guests. Such a privilege! There was an obvious sense of the goodness of God with each guest and their gratefulness for what they received from God was visibly and orally expressed. Praise Him.

What was apparent with a couple of our guests is that they have been pursuing God and pressing into taking hold of His promises for direction for their lives and for healing so it was a privilege to stand with them and be a part of their journey seeing their healing to completeness, encouraging them and believing that what He has started He will finish.

Praise the Lord. Looking forward to tonight with even more expectation.

The joy was wonderful. A great evening for our guests, and for our team as we got on so well together.

Despite the complex nature of the guests' needs it was wonderful to see the presence of the Spirit over each one and to know that they were receiving through ministry. To God be the glory!

I met a lovely team and beautiful people, it was an honour to serve.

God certainly knows all about positioning us with the right team members and with the right guests! Last night we were teamed up with the same lady that was with us on Wednesday evening. What's more a young father from Canada asked for prayer for his young son with Down's syndrome. Who would have known except our Heavenly Father that I have a sister in Canada and her daughter, my niece who has been healed of Down's syndrome!! This young father was directed by the Holy Spirit into the right room alright! Who else would have known!

Another lady with mental health problems appeared to have been transformed, literally it seemed to us into another person, reflecting the glory of God on her face. She positively shone! The lady on our team received a touch from Dr Jesus on her damaged foot and she immediately felt heat and tingles shoot through it. She's well on the way to recovering fully. Just the tip of the iceberg last night!

My wife thoroughly enjoyed and was exhilarated by her first IAHM experience and we had a chance around 7.30am this morning to witness the goodness of our God, about last night, to her school caretaker who is not yet a believer.

Survived cancer to meet grandchildren

16th June 2021

Answered Prayer #15858

My Mum died of breast cancer when I was 15 and she never saw her grandchildren which always saddened me. But, I had a prophecy from God when I was in my late 30's that I would see my grandchildren and I have held onto it ever since.

When I was diagnosed 16 years ago with breast cancer I had 3 teenage children. I was approximately the same age my Mum was when she died and it shook me to the core. My prayer was that I would be well for my family and see my grandchildren. God's peace was with me through that time and I grew closer to him. His promise "I will never leave you or forsake you," stayed with me.

Six years ago I was diagnosed with breast cancer again, this time far more treatment was involved. My husband and I had recently moved and I only had a small support network. But, God was with me again each step of the way, I held onto his promises and spent a lot of time sitting, praying and listening to worship songs to fill my soul with his love.

I can now say I am fit and well, I have 3 grandsons and God has used my experience to help others in the local church we are now joined to. I continue to hold onto his promises but know he is with me whatever comes my way.
