*CONQUERING MOUNTAINS, SOWING SEEDS
AND JANET'S MEMORABLE HEALING!*

Life is about conquering mountains isn't it? We have found time and time again that as soon as we've negotiated and conquered one mountain, preened ourselves for being so clever, relax, feet up, hang out the bunting to celebrate, then another mountain emerges out of the mist! We're climbing another mountain right now. It's called Ambassador mountain! We've never negotiated and climbed Ambassador mountain before. After being involved with Healing Rooms since 2014 and South West Regional Directors for twelve years it was job done. Relax, feet up and hang out the bunting and celebrate? Wrong! Just as well that our feet have been 'shod' with 'mountain climbing faith crampons!' Faith is our friend and close companion. What a relief!

Jehovah-Jireh was Janet's provider too! And for Beverley and I Janet's healing is still one of the most memorable. What Mrs C Nuzum said is surely a mountain climbing quote! Google her! "As you believe that God has done and given, all He says He has done and given, and as you constantly obey His Word, God makes all the old things leave you and makes all that is of Christ appear in you." That was Janet's testimony! All the old left her and all that's of Christ appeared in her!

A 'gymnasium for building faith muscles!

At Healing Rooms we are a 'gymnasium' for building faith muscles! Janet had very few faith muscles at the time! Osteoarthritis, rheumatoid arthritis and curvature of the spine were her mountains. She'd never had any instruction on healing until she came to Healing Rooms. The team spent a lot of time with her over many months building her 'faith muscles!' Until one day her eyes lit up and she said "I've got it." At that point her healing 'started' to manifest. A month later she was Free. She didn't need to use a stick anymore! Janet simply believed. She's leaning on Jesus now! It took many sessions to sow 'God's Seed Word' in her so as to build Janet's faith muscles. At the age of 70 Janet became a very muscly mountain climbing Christian! In our mind's eye Janet planted just one flag on the mountain summit with the name of 'the one' who moves mountains on it. Jesus!

A Testimony of Life Restored - The Well Head Centre

I arrived at The Well Head Centre (a place for people to go if they are struggling with the pressures and stresses of life). I was just a shell of who I really was, broken, and defeated. I did not know who I was anymore or where I was going, I had completely given up, all hope was gone, I was not living, I was just existing.

When my husband died in 2013, I sank into a deep depression. I felt my world had imploded and that my life was over, part of me had died too. For two years I struggled to face each day. I had no energy or desire to live left in me. I did my best to ignore how I was feeling and tried to keep things together, it was not easy. Then I had more devastating news, my son became ill and ended up in a coma, and I was diagnosed with Hepatitis C. I thought my life was over and I could not take it anymore, I had no support to help me through any of this, I felt desperately alone. On Christmas Day 2016 I took an exceptionally large overdose, there was no point to my life anymore, I just could not cope. It seemed that death was my only way out of all this pain and misery, this was the best solution, no more pain and everyone would be better off without me. After I had taken the pills, for the first time in years, I felt happy! However, I was found, and received treatment, I then was sectioned and put on high doses of medication which made me feel totally numb.

Once I was released from hospital, I was cared for by the Mental Health Team, I had to see a psychiatrist, therapists, and my GP, this was all quite overwhelming. From the outside, people thought I was okay, but I was not, I was sinking further into depression. I would spend days in bed, not leaving my bedroom. I would not take pride in myself, and all I kept thinking about was ways I could end it all. Did they really understand? Did they really know what was wrong with me? Had I been prescribed the correct medication? Why wasn't I getting any better? For six months nothing changed, I was beginning to think that this was how my life would be forever. Then one afternoon, my therapist started talking to me about The Well Head Centre and asked, would I be interested? At that point I did not have anything to lose! If it does not help me then I can always do the job properly next time!! So, I accepted the invitation, and she got the ball rolling, a referral was made for me. When I found that I met the criteria for The Well Head Centre I was ready to go, I needed to escape from my lonely, isolated life. As I packed my bags, I felt scared, I did not know if I even had the courage to leave my comfort zone, but I am pleased that I did.

There was something special about the place

The second I walked into The Well Head Centre, I could not put my finger on it, but there was something special about the place. I felt an inner calm. I felt safe, secure, and most importantly, protected. The first night I fell asleep whilst reading a book

and it was not until the next day that I realised that I had not taken my sleeping pill, without them I do not normally sleep at all! On the Tuesday, I was asked if I wanted to go into The Healing Rooms for some prayer, again, what did I have to lose? I felt surrounded by calmness, a warmth and love, I felt safe!

When I came out of The Healing Rooms I remember talking to one of the team and telling her that I wanted to let God back into my life. I wanted to open my heart to allow Him in, it was a very emotional time for me and one I will never forget. The moment I gave my life to the Lord, my life changed forever, I started coming out of my room, I was no longer hiding. Whilst I was at The Well Head Centre, I spent a lot of time talking with the team there and they helped me build up my trust and I was able to face things that had been hidden away for many years. I no longer lived in dread of waking up each day. I started going for short walks around the area close to The Centre, I felt free, free from the fear and torment that had so beset my mind. At last, I was able to escape from the dark place, where my demons and the cruel things had haunted me. I would keep telling myself repeatedly, there is nowhere like The Well Head Centre. The help and non-judgemental support you receive there is unique. If you go to any hospital or clinic you must see a team of people who are quick to diagnose you and tell you what is wrong with you. Then you get given a label put on you, rather than recovering you start thinking you are crazy, or you are so ill you will not get better. You must accept what they say, and it does not give you reassurance. What you receive at The Well Head Centre is completely the opposite. You are given time to think, time to find out who you are and where you want to be. You are allowed the freedom to be yourself. I can never thank the team enough, they saved my life. Their time, care, support, and love will never be forgotten. Without them and The Well Head Centre I would have been dead. Their help has given me my life back, the most precious gift in the world and I will be forever grateful.

Update – Where I am today!

I always believed in God, but when I heard people's testimonies, I did not believe them, but then I had a testimony, yes, it happened to me! Whilst I was at The Well Head Centre, as you know I went into The Healing Rooms for prayer, I was given some scripture verses which were exactly for my situation. I received prayer for Hepatitis C which I had been diagnosed with, I could not believe it when I went for my hospital appointment two weeks later and I got the blood test results back they could not detect it, the previous appointment said it was aggressive, the nurse was in total shock! It was at that point that I knew it was God, I had to continue to go each day for more tests. I was feeling so much better in myself. Last month I got the confirmation, I was given the all clear. Since then, there have been several situations where I know God has been there for me, my life has changed, and a miracle happened. I am completely cured.

I am no longer isolated

The day that I left The Well Head Centre I was incredibly nervous and worried as I had felt so safe and secure there. The team assured me that I would be fine, as God was with me, they were right! Looking back, I can see that now my life has completely changed and all for the better. I am a different person; I attend church as often as I can with my shift patterns at work. I am looking forward to going on Alpha

and getting baptised as soon as I can, I am no longer isolated, I have a Life Group which I meet with each week, I can now say that I am happy with life. What sticks in my mind is the fact that my family now say they have got their daughter back. They can see life back in my eyes again. I am off all the medication I was taking. I never thought that was even a possibility! The Doctors are all shocked at my transformation. The Lord and the Well Head Centre have changed my life, I have formed amazing friendships and now have the help, love and support I needed. I have learned how to deal with my feelings in a positive way. I am back at work and studying, doing a course on Mental Health, so one day I can be of help to others with similar struggles. I believe in myself again and have become a better person, I am able to see light instead of darkness, feel love instead of hate and I hope that my testimony will one day help someone experience the same.

HREW and IAHM

HREW are engaging in a year-long Healing School for International Association of Healing Ministries (IAHM) where we will be providing monthly online ministry under their umbrella. The first of these nights was on the 12th September 2020, the Miracles & Healings nights are broadcast via YouTube and the individual prayer via Zoom. Full details of the night are available from the IAHM website: <https://healing-ministries.org/>. On the website you will find both the YouTube link for watching the speakers and the log-in details for those wanting prayer.

Report from 17th April 2021

The main speaker on the 17th April was Matthias Truttmann. Matthias is married to Ruth and is the leading pastor of the FCG Aarau (Free Christian Community, Aarau, Germany). In their youth they experienced a presence of God shaped by the Argentine revival, which never let them go. This fire, this longing for the glory of God is still burning in their hearts and is getting stronger and stronger in its effects. Healings and breakthroughs happen regularly in connection with their ministries in and through their church. Matthias has the gift of encouraging, setting people free and creating a spiritual home. Together with their four children, they live out the presence and power of the Kingdom of God in everyday life.

On this evening HREW had a team of 43 prayer ministers and this enabled us to have 11 prayer rooms. The evening was very busy, starting with a time of “soaking

worship” with live music. When we finished there had been 36 persons wanting prayer and these came from as far afield as the USA, Canada, Australia, Western Europe, Doha, Chile, Africa, N Ireland and the UK. The prayer rooms were opened at 6:30pm and closed at 8:30pm. The team gave many testimonies of God’s healing and some of these are shown below. A few visitors returned to the main room where they gave thanks for the prayers received and gratitude for the prayer ministers involved.

If you were not able to see the previous Miracles & Healings Nights the evenings can still be viewed on YouTube. The link to access this is on the IAHM website under the heading **Miracles & Healings Nights, select by date.**

Testimonies from the 17th April Miracles & Healings Night

These testimonies are a sample from some of the healings that took place on the IAHM Miracles & Healings Night and were reported by the prayer teams. Individual prayer takes place via breakout rooms in Zoom.

- A lady was diagnosed with stomach cancer 2 weeks ago, now spreading to other organs. She felt she was experiencing God’s blessing on her work, so this diagnosis came as a shock, causing her obvious distress. The cancer was rebuked and we prayed the peace of God to fill her heart. The team asked her how she felt and she said much more peaceful, and it was evident on her face.
- A man was experiencing pain in various parts of his body, which was causing him loss of sleep. He had been to the hospital and they couldn’t find any cause. (He had been covered in boils recently but they were now gone). He said he hadn’t been to a witchdoctor. We broke off any curses and commanded pain to go and for healing and rest for his body. A team member led him through Eph 6 putting on the whole armour of God. We shared Rom 12:1 encouraging him to present his body to the Lord. He seemed blessed and prayed at the end, and asked God to bless us and the ministry.
- We were privileged to pray for a young lady who was suffering from tiredness, exhaustion and fatigue. We uncovered that she had left her job because of toxic relationships that were operating in her workplace. She said she had forgiven the person/s involved and we prayed that no root of bitterness would remain. The scriptures that came Matt. 11v 28 “come all who are weary and I will give you rest” and Isaiah 40 v 31 “those who wait upon the Lord will renew their strength” and Psalm 103 v 2-4 “praise the Lord who heals all your diseases” etc. We prayed the Lord’s “shalom” over her and that she would be lifted high above her troubles. We prayed against any chemical imbalance and for joy to be released. We told her several times that Jesus loves her and had His arms around her to bring comfort. By the end of the session her countenance changed from anxious to joyful and she said she felt considerably better!
- A gentleman needed prayer for a trapped nerve in his leg together with dizziness, lightheadedness, tension, pains in his neck and feeling like he was about to fall over. The Lord gave us a picture of a pressure cooker. We suggested he put his hand on his neck/spinal column, prayed for the spirit of infirmity to leave and for

his body to come back into God's rightful alignment. The Lord prompted us to ask about his job. It came to light that he was a computer engineer who worked from home and spent hours pouring over a computer. We prayed for release of a trapped nerve, and against RSI. (repetitive strain injury) and suggested he start to take breaks from the computer. His countenance completely changed by the end of the session from being quite subdued to talkative and cheerful. He said he felt vastly improved!

- We prayed for a lady who hasn't been able to move her knee properly since childhood and when we prayed for her she said she felt warmth up and down her leg.
- Another lady said she'd lost her family members at young ages to aids, she has fibromyalgia and her father who is a pastor is suffering from arthritis but as we prayed for her I was trying to get a response from her but she could only say that she was overwhelmed with emotion and couldn't speak so God was really touching her and healing her heart - I encouraged her to come back next month etc
- The first lady wanted prayer for endometriosis. She had a tearful release of emotional pain when a member of the team broke curses over her life. She said she felt burdened and heavy before prayer and a release of peace and joy at the end.
- The second lady wanted emotional healing. She was encouraged by prayer about the armour of God and applying His word to her life. She felt a release of love and joy. She was clapping the Lord.
- The third lady wanted prayer for oppression and loneliness. She had a tearful release of emotional pain and her face lit up when she was invited to join in with an online church.

Answered Prayer #15692

When I went to Israel I had been travelling for hours, I was tired and inadvertently got into an unlicensed taxi at the airport. By the time I realised it was too late. I knew something wasn't right, I was very unsettled in my spirit.

I asked Jesus to help me and if I wasn't supposed to be in that taxi, if it wasn't safe then to get me out, by now the taxi was moving.

We came round a corner to a police road block. The police stopped the taxi. The driver was in trouble. The police got me a licensed taxi. I changed cars and was taken to my accommodation in Tel Aviv.
