# **Our Story from Geoff & Susan Winkley, Mid-Dorset Healing Rooms**

We are Geoff and Susan Winkley from Weymouth and are part of the Mid-Dorset Healing Rooms. How or why did we get involved? Geoff had experience of the Healing Ministry from the London area where he had heard John Wimber speak, and also been on the Ministry Team at 'New Wine' festivals. We both lost our partners to cancer in the spring of 1999 and later that year met through the Cancer Care Organisation. Susan was living on Portland at this time and had recently received a prophetic word from a visiting speaker that she was going to be used in healing! We formed a friendship which led to us getting married in 2001.

We got to know Mike and Beverley Robinson through church connections and when they shared about Healing Rooms after their visit to Spokane and the prospect of opening a Healing Room in our area we both felt prompted by the Holy Spirit to be part of this. We attended a Conference in Exeter in 2004 where Cal and Michelle Pierce were speaking and learnt more about this Ministry. After discussions with local church leaders the Robinsons found that those on Portland were open to us running there and provided premises. Mid-Dorset was opened in January 2005 with us being part of the team.

## **God's timing in all this was naturally spot on!**

---

What an exciting journey it has been! Numerous people have been touched in body, soul and spirit over the years. Team members have grown in their faith and gifts and it has been a joy working with folk from many church backgrounds. Later the way opened for us to operate from two Health Centres, one at Dorchester, where Mike and Beverley Directed and the second on Portland. At this stage the Robinsons 'promoted' us to run the Portland side of things. This arrangement went on for some years until the Health Centres needed more space for themselves. We had just opened a new venue in Weymouth so moved our operation there and the Dorchester team were invited into a 'Costa Coffee' shop! God's timing in all this was naturally spot on!

## **"I'm getting my healing with that hankie"**

---

We have been amazed at what God has done, especially with children via anointed 'hankies' being sent to them! A young boy in the Channel Isles with cancer told the nurse "I'm getting my healing with that hankie", and was soon well and back at school! The parents of a baby were told that their little son would never walk! The team prayed and sent an anointed hankie and some months later the family visited

our area and the young boy was running around the hall where we then met! All glory to our Wonderful Saviour!

Coming up to date, we responded to the invitation to be part of the IAHM “Presence 2020” event on Zoom. How amazing was that! HIS PRESENCE was across the nations touching people! We were so inspired by this that we investigated having HRs on Zoom locally and many of our team were up for this. Hence we have been running Zoom sessions twice a month since September 2020. We have ministered to 103 ‘guests’ to date and had good reports of healings and great improvements in many conditions since these encounters. One lady, who had deep depression, has been channelled to the Light at the end of the tunnel, and is progressing amazingly! There are truly no barriers in the Kingdom of God! We are now looking forward to how God leads us next as we move forward and away from Covid 19!!

### **An inspirational message from the Norwich Healing Rooms:**

I would like to let you know of some of the reports we have had from those who have come for prayer and those we have sent prayer cloths to.

We had a lady who wanted a prayer cloth. She had been diagnosed with a Hernia. She placed the prayer cloth under her pillow and when she went to the hospital for further investigation all the news was good and not what she was expecting, that the Hernia had gone and there was only scar tissue. She said she had other issues and they had gone too.

Another lady had a prayer cloth for pancreatic cancer. She placed the prayer cloth under her pillow. She went for a follow up appointment to the hospital and was told the growth had not grown since her last check up. The sister of this lady also had a prayer cloth for herself and for her daughter and we heard back that both of them were all good.

## **Her brother could not get over the change**

---

We had a young woman who came to the Healing Rooms. She came for several weeks and each time we could see that she was getting better. She suffered from depression and stress. She told us that coming to the Healing Rooms had made such

a difference to her. Her mother told us that she was taking an interest in her appearance and her brother could not get over the change in her.

We had a young man who came through the door. He saw our sign outside saying we were open and he said that he was not going to come that way but felt drawn to come in. The Team prayed for him and he was so different when he left. He had been hurt in the Church but so pleased to speak to people who knew what he was talking about.

We had a couple who had been coming to see us for about two years. They were not married at that time. The young woman was looking to draw closer to the Lord and for healing. As the months went on she started to open a bible study group in her home after feeling confident she could do it. Her husband to be did not know the Lord and he would wait for her while she was being prayed for and the person on the desk was able to chat to him and speak about things in the Bible. One week he came and he wanted prayer for a family member and the Team prayed for him. One of the Team asked him about giving his life to the Lord and he said that he had been thinking about it. So he was asked if he wanted to make that commitment and he said yes. On the 7th July 2021 we had the honour of baptising him in the sea. On the 17th September his now wife will also be baptised.

We had a couple who came to visit us from Bedford. The Young woman came for Healing for cancer. We are waiting to hear from her with an up date. Her husband also had prayer. They told us that while they were driving up to Norwich that the Lord had told them that because of our faithfulness the river was going to flow from Our Healing Rooms and we were going to expand.

We have had a lady telephone a couple of times for prayer from Sweden.

We have had so many other testimonies which have been such a blessing.

## **Where the Lord wants us to be**

---

We have been at the Norwich Healing Rooms address for the last 8 years. A month ago we prayed and asked the Lord if there was anywhere else he wanted us to be, to open those doors. We did try other options but there was no real interest in a Healing Rooms. We feel that this is where the Lord wants us to be.

I thought this might be encouraging to others in the Healing Rooms.

Every blessing

## IAHM Miracles & Healings Nights

Following the success of the series of Miracles & Healings Nights that started in September 2020 HREW are pleased to announce that we have engaged in a second year-long Healing School for International Association of Healing Ministries (IAHM) where we will be providing monthly online ministry under their umbrella.

The first of these nights was on the 11<sup>th</sup> September 2021, the Miracles & Healing Nights are broadcast via YouTube and the individual prayer by Zoom. Full details of the night are available from the IAHM website: <https://healing-ministries.org/>. On the website you will find both the YouTube link for watching the speakers and the log-in details for those wanting prayer.

The speaker for the main event was Lucie Dilbung. Married and mother of a little girl, Lucie has been a missionary since the age of 20. She is passionate about the salvation of souls and her heart burns for a United, Living Church that communicates the Gospel with power. She is responsible for AIMG Paris, and she helps her local church in the field of evangelism. The IAHM vision is to transmit the Gospel of Jesus Christ in a way that is accessible with a demonstration of God's power through signs, miracles and wonders!

On this first night of the new season HREW had a team of 28 prayer ministers, these were made up into 7 prayer rooms, three prayer ministers and one intercessor per room. At the end there had been 25 persons wanting prayer and these came from as far afield as the USA, Armenia, Germany, Italy, Latvia and the UK. The prayer rooms were opened at 6:30pm and closed at 8:30pm. At the close the team gave many testimonies of God's healing and some of these are shown below. Altogether a very blessed evening.

## Testimonies from the M & H Night of 11<sup>th</sup> September 2021

The Lord moved as we prayed for the visitors, there was a strong sense of being a team, and we were blessed in our prayer room with our team members.

- “Just giving testimony on behalf of the people I prayed with and for. The first lady we prayed with had issues with migraine which has affected her mental health. One of the team had a picture of Jesus giving her a white cloak to replace the dark one. We shared Scriptures from Isaiah 61 and Nehemiah 8 about the joy of the Lord being her strength and receiving a garment of praise. It was lovely to see the joy of the Lord in her face when we finished praying for her.
- Next we prayed for a lady who, along with her husband, are recovering from Covid. Also they have had housing issues. They have a vision for revival for their area, a vision of God's glory and a place of rest. We shared Psalm 103 and Revelation 3 with her. It was lovely to see the Lord renew her hope.

- Lastly we prayed for a lady from USA. A woman of faith, putting it mildly. We prayed for healing of breast cancer, thyroid issues and high blood pressure. We broke generational curses as there is a history of cancer in her family. She was visibly overwhelmed with the joy of the Lord. It was lovely to see the Holy Spirit moving powerfully."
- "I've just heard that someone who had prayer for Covid on Saturday night by proxy when his wife came on the call had a complete turnaround that night."
- "A lady from USA. She's a bright shining star and shone infinitely brighter after ministry. She'd been spoken to by a witch in a demonic dream and had never dealt with it. She had serious physical related illnesses, we believe as a result of the dream. She repented of believing lies and asked Jesus for forgiveness. She was free at last. She laughed and laughed and laughed throughout the rest of the session. We just let her laugh! This surely was a Huge breakthrough for her. According to Jesus in Mark 9:38-39 deliverance from evil spirits is a miracle!"
- A lady came for prayer, another good session. She wanted to know what God had for her? It became clear that her relationship with God had become stuck! The team declared prophetic words over her. One was, the desert will blossom like a rose and she is God's rose. The encouragement lifted her out to the gloom. She received a fresh fill of the Holy Spirit."
- We first had a lady who wanted a word and we were happy to bless her and speak into her life. We blessed her in all her dreams and visions given by the Lord. I had a picture of a NEW MAP for her. She confirmed that that was in line with other words and others prayed that God was working so she went away happy and blessed. Saying she would return with some friends for prayer for them too.
- We prayed for a lady from Italy. For the last 5 years she had been having a tightening of the stomach when she went to pray. After talking further and praying the team discerned it was a spirit of anxiety due to a false feeling about Father. A team member prayed and she was visibly seen to be delivered. She said it's nearly all gone so the team member prayed again OUT and it was gone. I prayed Psalm 45 v 10-15 over her and she was thankful for the prayers.
- We prayed for a lady who had lots of troubles. Once we had asked the Holy Spirit how we could pray for her, I saw a picture of a messy jigsaw puzzle. All the pieces were everywhere and nothing was clear. Then I saw God putting the pieces in the correct place. We prayed for deliverance from pain and for a gift of wisdom and discernment. She was grateful and did feel a release.

Remember, your prayers are important. Please note the new season of Miracles & Healings Nights, ask for God's sovereignty on the events and that there would be increased numbers of guests and that much blessing would flow.

### **38 per cent of UK adults believe that prayer is good for their mental health**

A new survey has found more than a third of UK adults believe prayer can help them overcome mental health struggles. The poll, conducted by Savanta ComRes and commissioned by the Eternal Wall of Answered Prayer, revealed 38 per cent of UK adults believe that prayer is good for their mental health.

“We are often told that we live in a secular society. But it's not true. And we're seeing an undercurrent and a growing movement of people in this country having more spiritual awareness,” the founder of the Eternal Wall of Answered Prayer Richard Gamble told Premier.

The Eternal Wall of Answered Prayer is a new national landmark which will eclipse the size of the Angel of the North and aims to profile a million answered prayers on a site at Coleshill on the outskirts of Birmingham.

When asked whether there is a risk prayer is seen as just another form of therapy for mental health problems, Gamble said: “What we have seen in our culture is the dumbing down of prayer. I mean, even on the front page of a newspaper, before the women's US Open, [said] we're praying for you. Now, I, I very much doubt that that is what we would think is praying.”

“I think the word prayer has been dumbed down, devalued as just a throwaway comment of hope that makes everybody feel good about themselves. What we have to do as Christians is educate, encourage, and inspire people to really engage with God when they're praying.”

Having asked 2,075 UK adults aged 18 and over, the survey also found that more than half (53 per cent) are anxious about the mental health of the next generation and almost half (45 per cent) are anxious about their own future.

“I believe that there is a lot of fear and anxiety,” Gamble said. “There is a danger sometimes that facts can overshadow the truth. And, our job as Christians is to keep bringing people back to the truth.”

“When facts come that bring anxiety, I have to go ‘wait a second, Jesus is my provider of peace’. And that's where the engagement comes. And of course, with the eternal wall of answered prayer, that is exactly what we are doing. We are trying to communicate to this nation and to generations.”

His fever had left him and 2 days later he was discharged

1<sup>st</sup> Sept 2021

*Answered Prayer #16146*

In 1981 my 8 week old son was critically ill in hospital with a very high temperature and fever. The doctors warned me that he may not survive. Having lost my mother to cancer when I was only 15 years old I had no faith in God or Jesus, However, I got down on my knees in a hospital toilet and prayed to Jesus that if he really did exist, having taken my Mum he would let me keep my son. The following morning my son's temperature was normal again, his fever had left him and 2 days later he was discharged with the diagnosis of "unknown virus!" My son will celebrate his 40th birthday in October 2021 whilst I will celebrate being a Christian for the same length of time!
